

*innovative security
and comfort solutions.*

Hotek

What Hotek Hospitality Group has to offer you

*Hotek is a market leader
in the field of innovative
security and comfort
products for the hotel
industry.*

Hotek

From locks to keycard systems and from safes to bathroom and hotel room accessories, Hotek offers suitable solutions for every area in the hotel. Hotek does not only deliver products, but develops and produces them itself. Besides well-known top brands, Hotek offers its own product line which is continuously expanded. Quality and sharp pricing are the focus points in this, but durability and concern for the environment are constantly guarded as well.

Transportation, delivery and assembly is done by Hotek, including a 24/7 service. Many clients opt for a service contract, in which we guarantee that any malfunction will be solved immediately.

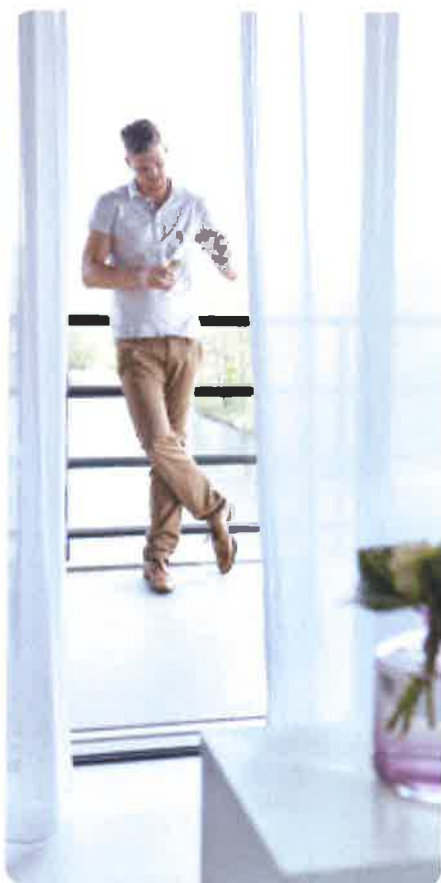

A deal is a deal. Hotek is an independent privately owned company. We are customer oriented and offer short communication lines and a personal approach. Discover what Hotek can do for your company!

- + • Independent
- Direct management
- Market leader
- Since 1998
- One-stop shopping for the hotel industry

- + • Worldwide network
- Local expertise
- Separate departments for the national and international market
- International coverage

You take care of your guests, Hotek takes care of you.

National and international

Hotek has more than 3000 clients around the world, mostly in the hotel industry. In addition, Hotek offers products and services to amusement parks, passenger ships, care hotels. This customer base is expanded daily.

Through an extensive network and local expertise, Hotek continues to take care of its clients quickly and efficiently. The national- and international markets are serviced by separate departments. Wherever you are located, because of our international coverage you will continue to receive the service that you desire.

The 5 parts of the hotel

Hotek produces solutions in the field of comfort and security for the different parts of the hotel industry. These parts are: the room door, the hotel room, the bathroom, the reception and the public areas.

A smiling blonde woman with sunglasses on her head is washing her hands in a modern, white, bowl-shaped sink. She is wearing a white floral top and a silver watch. The sink has a sleek, black, waterfall-style faucet. To the left of the sink is a large, round, chrome mirror mounted on a black stand. In the foreground, a white wicker basket filled with folded white towels is visible. The background features a wall with a vibrant floral pattern in shades of pink, yellow, and white. A green rectangular overlay with the word "Comfort" is positioned in the center-right of the image.

Comfort

*Each product has
to be well designed,
effective and easy
to use.*

*You want to offer
your guests maximum
comfort during their
stay and still maintain
your own style.*

*Budget management
is also an important
factor. Hotek is thinking
along with you.*

Comfort

What kind of comfort do you want to offer your guests?

A luxurious image, effective products, maximum user comfort?

These are all things that Hotek has been thinking of.

Take for instance our range of bathroom accessories: mirrors, soap dispensers, hair dryers, towel racks, etc. These are of course available in different styles and pricing categories, suitable for your hotel. To completely furnish your hotel rooms you can choose from Hotek's range of mini bars, hotel televisions, beds and many other hotel room accessories. One-stop shopping you do at Hotek.

Hotek's own product line

Hotek introduced its own unique product line for the different parts of the hotel in 2003. This enables Hotek not only to offer an optimum price/quality ratio, but also to deliver the newest technologies fast. Everything is done in-company. For you as a client this has many advantages. We are focusing on the desires of our clients and adapt our products to them. Each product has to be well designed, effective and easy to use. Continuous development, innovation and maintaining sharp pricing are focus points through which Hotek delivers products that work and that remain working after installation. As hotelier you know best what you need. Hotek takes care of the realization.

One-Stop Shopping for the hotel industry!

- Broad assortment, deliverable from stock
- Own product line and various renowned brands
- Products for every hotel department
- Optimal price/quality ratio
- Custom production
- High quality products
- Continuous development
- The newest technologies
- Solutions in the field of comfort and security

● *security*

*Security is an
important part of
the hotel industry.
HoteK supplies various
keycard systems, door
closers and safes.*

*A safe feeling.
For you and
your guests.*

Security

Depending on your wishes and requirements, Hotek can offer a broad range of articles in the area of security. Once in the hotel room this security continues with Hotek's room safes. Of course deposit safes and strongboxes also can be found in our assortment. Our check-in/check-out and key management systems complete the safe environment of your hotel.

We do not only deliver to large hotel chains. Even for small quantities and custom-tailored projects Hotek offers service and quality.

- Safety for your guests
- Security for your company
- Upgrade of your keycard management system is possible
- Fast delivery
- Professional installation
- Choice from various service and maintenance contracts

Delivery, installation and service

Hotek does everything under direct management. This means that we ourselves take care of delivery, installation and service of all our products, efficient and fast. This makes it very easy for you. your purchases are normally dispatched within 2 working days. If so desired Hotek can guarantee a professional installation. Our products are produced with the greatest possible care. You can expect quality from us. If for any reason something is wrong with a product we offer you the service you desire. Hotek has a 24 hour Hotline Helpdesk for phone support, one-time maintenance and a contract for preventive maintenance. Whichever service option you choose, Hotek is there for you.

• *Innovation*

Continuous development, innovation and maintaining sharp pricing.

*To be and remain
innovative requires
expertise. Hotek focuses
completely on the
hospitality industry.
This enables us to focus
specifically on our
customers and offer
custom-tailored service.*

Innovation

You want the best for your hotel, but maybe you do not always choose standard solutions. At Hotek, we work every day on developing custom-tailored products and innovative products.

Hotek thinks along with you, and this thinking has new, strong and beautiful products as result. Products the way you want them. Among Hotek's successful developments are the contact-free RFID Mifare Keycards, the night porter box, the automatic mini bar with its own stock module and the check-in/check-out terminal. These are advanced products with optimal functioning. Web based applications are part of our innovative assortment.

Hotek is a full service hospitality supplier for innovative security and comfort solutions.

- Innovative assortment
- Web based applications
- Advanced and well designed products
- Saving energy and resources
- Environmentally friendly production
- Durable materials and products

Green Key

Hotek thinks along with the market and that implies that we also develop in an environmentally conscious way and produce durable products. We keep consumption of resources and energy low, among others by the introduction of paper keycards and delivering mini bars with Energy Class Label A. By using environmentally friendly products your hotel can obtain the Green Key, which shows your guests that your company is working for a better environment. The Green Key is the international standard for companies within the tourism and recreation industry, with regard to durability, Corporate Responsibility, and environmental care. Working together for a better environment! You can count on Hotek for this as well.

*Your hotel is open 24/7.
Why wouldn't your supplier be?*
